Dealer notes

PLEASE SCHEDULE AN APPOINTMENT TO ENSURE AVAILABILITY. We're excited to have and offer this 1950 Chevrolet 3100 5 window pickup for you here at Holiday Motors. This was a well documented full nut and bolt frame-off restoration in 2019. After the frame was blasted and power coated it was prepared for the 430 horsepower LS3 Chevrolet Performance E-Rod fuel injected V8. A 6-speed manual Tremec transmission was then mated the the LS3 and the power was sent back to and 1994 Z28 rear end. The rear end was also cleaned up and shaved and installed with a 4-link and TCI coil-overs. This truck runs only 1500 RPM at 70 MPH and gets there fast. The front end is also TCI with adjustable coilovers. It drives and handles like a dream. Also equipped with 4 wheel disc brakes, GM style cruise control, Vintage Air, Dakota Digital guages, Ididit tilt steering column, and Ron Francis wiring. The power seats came from a late model Ford 500 and are extremely comfortable. The attention to detail should also be noticed by the aircraft latch used in the storage compartment behind the seat! The bed was also replaced with a brand new steel bed and beautiful red oak wook flooring. This is an amazing and professionally built piece of art that you can turn the key and drive anywhere. Matching 1950 Chevrolet Virginia title. SINCE 1974 WE'VE OFFERED TOP QUALITY VEHICLES WITH UNMATCHED CUSTOMER SERVICE. ADDITIONAL PHOTOS, VIDEOS, HISTORY REPORTS, AND DETAILS AVAILABLE.
