Dealer notes

The 2023 Ford Transit Connect Van XL LWB is a versatile and efficient vehicle, designed to meet the needs of small businesses and everyday transport duties. Dressed in a sophisticated Frozen White exterior, its modern design is both stylish and functional, ensuring it stands out while offering excellent utility. The spacious interior, draped in Ebony/Palazzo Grey, combines durability with comfort, providing a pleasant environment for both driver and passengers during long hauls. Under the hood, the 2.0L 4-cylinder engine efficiently balances power and fuel economy, making it an ideal choice for urban and suburban driving. The XL LWB style maximizes cargo capacity without compromising on maneuverability, thanks to the long wheelbase and rear symmetrical doors. The composite bulkhead with window offers a blend of security and visibility, allowing you to keep an eye on your cargo while maintaining separation from the passenger area. Enhanced practicality comes with the dark tinted glass and rear door fixed glass, providing both privacy and protection from harsh sunlight. Safety and convenience are top priorities in this model, highlighted by the inclusion of a reverse sensing system and cruise control. The reverse sensing system aids in parking and tight maneuvers, adding an extra layer of security. Cruise control contributes to a more relaxed driving experience, especially on longer routes. With its impressive suite of features, the Ford Transit Connect Van XL LWB is well-equipped to handle a wide range of applications, making it a reliable partner for any business.
