Dealer notes

If you are looking for a relentless workhorse ready to tackle the toughest jobs, this 2011 Ford Super Duty F-350 SRW XL is the ultimate solution. Sporting a commanding Black exterior and a practical 141-inch wheelbase with a 60-inch cab-to-axle (CA) configuration, this regular cab truck is engineered specifically for demanding commercial applications and heavy-duty utility. Whether you need a dependable platform for a custom utility body or a dedicated hauling machine, this truck delivers the legendary durability and structural integrity that Ford's heavy-duty lineup is famous for. At the heart of this capability is a robust 6.2L 8-cylinder engine, providing the reliable horsepower and torque needed to move massive payloads with ease. Paired with a rugged Four Wheel Drive (4WD) system, this F-350 ensures confidence-inspiring traction on muddy job sites, snow-covered roads, and uneven terrain. Enhancing its mechanical capability is an aggressive 4.30 axle ratio with an electronic locking rear axle, optimizing low-end pulling power and maximizing grip when you need it most. Additionally, this vehicle features 50 state emissions compliance, making it ready to work in any region without administrative hassle. Inside the cabin, the functional Steel interior is built for durability, offering a straightforward, low-maintenance environment designed to stand up to the rigors of daily commercial use. This truck is also equipped with practical features to make long workdays safer and more efficient, including cruise control for highway transit, daytime running lights for constant visibility, and an integrated trailer brake controller to ensure smooth and secure stopping power while towing. Ready to be configured for your specific industry, this 2011 Ford Super Duty F-350 SRW XL represents a highly capable, durable investment that is primed to work as hard as you do.
