Dealer notes

Built to haul, tow, and tackle tough terrain, this Brilliant Silver 2015 Nissan Titan SV Crew Cab 4WD pairs full-size V8 capability with a well-equipped, work-ready cabin. Under the hood sits Nissan’s proven 5.6-liter Endurance V8 engine with Flexible Fuel Vehicle technology, delivering 317 horsepower and 385 lb-ft of torque through a 5-speed automatic transmission with dedicated Tow/Haul mode. Equipped with shift-on-the-fly four-wheel drive, electronic hi-lo gear selection, automatic locking hubs, and 4-wheel active brake limited slip, this Titan is engineered to maintain confident traction on job sites, boat ramps, and backroads alike. On the exterior, the SV trim stands out with a chrome front bumper and grille, 18-inch alloy wheels, step rails, heated power side mirrors, an aerodynamic tailgate spoiler, and a cargo bed light. Depending on its factory option packages—such as the popular SV Value Truck Package or SV Premium Utility Package—this truck can also include sought-after utility upgrades like a Class IV receiver hitch with a 7-pin wiring harness, front tow hooks, extendable towing mirrors, a factory-applied spray-on bedliner, Nissan's versatile 5-channel Utili-track bed system with adjustable cleats, a lockable driver-side bedside storage compartment, and a dampened tailgate assist. Inside, the spacious Gray Crew Cab interior offers generous legroom across both rows and a 40/20/40 split front bench seat with a folding center armrest, alongside a 60/40 split fold-up rear bench that reveals a flat loading floor for oversized gear. Comfort and convenience features include cruise control with steering-wheel-mounted controls, remote keyless entry, power windows with one-touch auto up/down front glass, rear HVAC vents, and an 8-speaker AM/FM/CD audio system with auxiliary input, with available package upgrades adding a rearview monitor, rear sonar parking sensors, Bluetooth hands-free connectivity, a leather-wrapped steering wheel, and a power-adjustable driver's seat. Safety is anchored by Nissan’s Advanced Air Bag System with front seat-mounted side-impact airbags and roof-mounted curtain airbags for both rows, Vehicle Dynamic Control, traction control, 4-wheel anti-lock disc brakes, and a tire pressure monitoring system.
