Dealer notes

***Vehicle Located in MA - Zoom Classic Cars presents this beautiful 1969 Cadillac Deville Convertible. Palmetto Green with Black Leather Interior and Black Power Convertible top. Features a rebuilt 472CI Engine with Rochester Quadrajet 4 Barrel carbs coupled with the Turbo Hydramatic transmission. AC, Factory AM/FM Stereo Radio, Power Steering, Power Brakes with discs in the front, power windows, and power front seat. Power convertible top with boot in excellent condition. Car was professionally repainted in the factory color at some point and shines like new with no visible imperfections noted. All the body panels are solid and line up beautifully and all of the chrome, trim and badging is intact and in excellent condition. In 1969, DeVille was restyled in the Eldorado image. An Eldorado-like front fender treatment evolved and helped to emphasize a stronger horizontal design line. Rear quarters were extended to give the car a longer look. There was an all new grille with dual horizontal headlamps positioned in the outboard step down areas of the grille. The hood was again extended, a total of 2.5 inches (64 mm) to add the impression of extra length. The roofline was squarer and the rear deck and bumper more sculptured. A new ventilation system eliminated the need for vent windows, which provided a longer sleeker look and improved visibility. New standard features included front and rear (except on convertibles) center seat armrests. The ignition switch was moved from the instrument panel to the steering column, and included a steering wheel and transmission lock, one year ahead of a mandated Federal standard. Spacious carpeted trunk compartment with full spare and jack. Undercarriage is very clean with new exhaust. The car rides on new Cooper Trendsetter SE Radial Tires with factory Cadillac Chrome hubs. Car now has horn mounted on floor near high beam switch. Always garaged and meticulously maintained, this Caddy runs, drives and handles beautifully. Everything works on the car as expected. Just turn the key and enjoy. Car is stored in MA with clean title in the owner's name. Please click on the blue "Additional Info" button to enjoy a 2nd Video.
