Dealer notes

1979 Chevrolet K10 Long Bed -- Custom Through and Through 4X4 **Only 4 miles If you are looking for a square body Chevrolet that has been restored with precision, passion, and absolutely no corners cut, this 1979 Chevrolet K10 Long Bed is the truck that deserves your attention. With over \$87,000 invested into the complete build and restoration, this American Classic is custom through and through and was restored with one goal in mind -- perfection. This incredible restoration began in April of 2025 and showcases an extraordinary level of craftsmanship from top to bottom. Powered by its numbers matching Chevrolet 350 engine that has been bored .30 over and producing a little over 300 horsepower, this K10 offers strong mid-range torque and the unmistakable sound and feel of true American muscle. Paired to a professionally rebuilt Turbo 350 automatic transmission, this truck delivers smooth shifting and dependable performance. The original factory rear end and gear ratio remain intact, preserving the authenticity and drivability of this classic four-wheel-drive Chevrolet. The original factory frame was painstakingly wire wheeled, sandblasted, and prepped to achieve an exceptionally clean and rust-free finish. The owners spared absolutely no expense during this restoration. Nearly every component on this truck has been replaced, restored, upgraded, or refinished. Every nut and bolt was replaced during assembly. The exterior was refinished using premium Challenger base coat paint topped with a 2K urethane activator clear coat, giving this K10 an outstanding deep shine and show-quality finish. The body lines are clean and straight, complemented by new Diamond Three chrome bumpers front and rear, new grille emblem, new exterior mirrors, and all new headlights and housings. The interior has been completely redone with all new components including molded gray carpet, new steering wheel, new bench seat hinge cover set, new hood and door bumper sets, new horn components, and fresh insulation throughout. This truck feels fresh, tight, and refined from the moment you step inside. Mechanically, this K10 received extensive upgrades and replacement parts including: • New suspension components • New steering components • New steering gear box • New tie rods • New flywheel • New fuel tank • New brake lines • New fuel lines • New seals and gaskets throughout • New fan shroud • New clamps and hoses • New resistor • New spark plugs and engine components • New wiper blades, wiper arms, and wiper motor • New hood insulation and clips The truck also features: • Hedman headers • Custom exhaust with Street Flow mufflers • Eagle Alloy wheels • "All-Terrain tires • Complete new 8-foot bed assembly • New inner rocker panels • New cab floor half-drop The original wiring harness remains with the truck, maintaining a touch of originality while the rest of the build was meticulously refreshed and upgraded. This i Price does not include \$150.00 processing fee
