Dealer notes

Take a look at our 2011 Navigator! It's a smart alternative to the Cadillac Escalade, offering a more usable third row seat and an almost equal amount of bling. This 4X4 is powered by a 5.4L V8 engine that makes no bones about getting up to speed. With a third row that's actually comfortable, our Navigator is a comfortable place for all passengers. There is no shortage of room in any direction. This Navigator's seats are generously sized and very supportive. There is plenty of room for whatever you need to haul around. Luxury features are in full supply, like leather seating with heated front seats. Ours also includes a premium sound system, sunroof, Navigation, a DVD player, and much more! Not only does our Navigator offer adult-sized third-row accommodations but it also has good driving dynamics and head-turning style. Our Navigator belongs on your short list if you are in the market for a full-sized SUV that will spoil you and your passengers. So- Save this Page and Call for Availability. We Know You Will Enjoy Your Test Drive Towards Ownership!
