Interior colour: BLACK

Body type: SUV

Fuel economy: — city / — highway MPG

Dealer: CarLux, Waukegan, IL 60085

Dealer phone: 847-999-3988

Dealer notes

The 2026 Mitsubishi Eclipse Cross SE 4WD arrives with no accidents reported on CARFAX and just one owner since new, and with under 7,000 miles on the odometer, you're essentially getting all the confidence of a new vehicle purchase without the new vehicle price tag. The 1.5L MIVEC turbocharged four-cylinder with direct injection channels power through Mitsubishi's Super All-Wheel Control system, giving you the kind of composed, planted feel through Chicago's unpredictable weather that turns a nervous winter commute into a non-event. Lightning Blue Metallic over black, with a chrome-surrounded black grille and LED brakelights, gives this Eclipse Cross a sharp, current presence that still looks every bit as fresh as the day it left the factory. Slide into the black interior and the SE trim with the Welcome Package delivers the kind of thoughtful daily comfort that makes this crossover easy to live with immediately. Adaptive Cruise Control takes the edge off long highway stretches, while dual-zone automatic climate control, cargo area concealed storage, cargo space lights, and carpet floor trim throughout show the kind of attention to detail Mitsubishi brought to this generation of the Eclipse Cross. Rain-detecting variable intermittent wipers and heated wiper park with defroster mean you stop thinking about the weather and start just driving through it. An automatic equalizer sharpens the 6-speaker audio experience, while HD Radio, satellite radio, and smart device integration keep every trip connected without complication. Perimeter and approach lights, automatic high beams, and the adaptive cruise system work quietly together to make daily driving feel genuinely easier. A nearly new, one-owner Eclipse Cross SE with AWD, a clean accident history, and mileage this low is the rare kind of find that lets you skip the depreciation hit that comes with buying brand new. Come see it at Carlux in Waukegan and experience how little this one has actually been driven, right here in Chicagoland.
