Dealer notes

Some cars are rare. This one may be unrepeatable. Aston Martin built its AM6 Vantage with a 7-speed manual for only a few years, just 363 worldwide, 133 for the U.S. Of those, only two left the factory in this exact Ceramic Blue. This is one of them, and per the Aston Martin Heritage Trust, it stands almost certainly alone as the sole 2021 non-AMR manual Vantage in this color anywhere. Slide behind the wheel and the story continues. A true dogleg 7-speed, paired with a snarling twin-turbo V8, wrapped in black on blue that turns heads at every stoplight. The spec sheet reads like a wish list: Sports Plus, Comfort, and Tech Collections, ventilated seats, heated wheel, Premium Sound, gloss black roof, smoked lamps, and 20" textured black wheels, on an original MSRP north of \$185k. Just 9k miles, two careful owners, spotless CARFAX with zero accidents. Serviced exclusively by Steel Wings in Warminster, PA, trusted by Aston enthusiasts and the Heritage Trust's own registrar. With the additional bonus of upgraded CarPlay/Android Auto and a full factory bumper to bumper warranty until Jan 2027. And yes, the VIN ends in 007, a delightful one for Bond fans. Offered by Tifosi Motors, Downingtown, PA. Cars like this rarely come up twice.
