Powered by the proven 3.6L Pentastar V6 Engine paired with a 5-Speed Automatic Transmission, this Jeep offers legendary off-road capability, open-air freedom, and dependable performance both on and off the pavement. With 131,335 miles, this Wrangler was personally driven to us by its original owner from Ohio, a very kind woman who clearly took pride in ownership. The vehicle presents exceptionally well for its age and mileage, and one of the first things you'll notice is how clean it is compared to most Wranglers of this generation. This Wrangler carries a Clean Title and only shows a few minor insurance-repaired incidents throughout its history. No major accident history is present.
