Dealer notes

CLEAN TITLE – 2014 Buick Enclave Leather FWD – 113K Miles – Three-Row Seating – Runs & Drives Beautifully – Excellent Value This 2014 Buick Enclave Leather FWD is a fresh trade-in with approximately 113,000 miles and a clean title. Finished in elegant Champagne Silver Metallic over an Ebony perforated leather interior, it offers three-row seating, a comfortable ride, and plenty of premium equipment at a very affordable price point. The previous owner was an older gentleman who drove approximately 3.5 hours to our dealership to trade it in. After inspecting and driving the Enclave ourselves, we were extremely impressed with how it performs. It runs and drives beautifully, with no vibrations or current mechanical issues that we're aware of. Vehicle History & Condition CLEAN TITLE Approximately 113,000 Miles Fresh Trade-In Runs & Drives Beautifully No Vibrations Noticed During Our Inspection No Current Mechanical Issues Known to Us Three-Row SUV Priced Extremely Well For a 2014 vehicle with over 100,000 miles, this Enclave drives exceptionally well based on our current inspection and driving experience. There is currently a dent on the rear liftgate/trunk area. As of the date of this listing, the dent is still present, but we are planning to have it repaired. We wanted to disclose its current condition rather than advertise it as already completed. As with any vehicle of this age and mileage, normal cosmetic and mechanical wear should still be expected. Why This Enclave Stands Out If you're shopping for an affordable three-row SUV, this Enclave offers a lot for the money. Rather than simply focusing on the mileage, what impressed us most was how well the vehicle actually drives. There are no concerning vibrations that we've noticed, the vehicle feels smooth on the road, and there are currently no known mechanical issues based on our inspection. It's priced aggressively for someone who needs three-row seating and a comfortable family SUV without spending newer-SUV money. as equipped Stabilitrak Stability Control Traction Control Anti-Lock Brakes Tire Pressure Monitoring Multiple Airbag System Age & Mileage Expectations We want customers to have realistic expectations before making the trip. This is a 2014 vehicle with approximately 113,000 miles, so it should not be expected to look or feel like a brand-new SUV. Normal scratches, chips, dings, interior wear, aging trim, and future maintenance associated with age and mileage should be expected. The rear liftgate dent is also currently present, although we are planning to repair it. At the same time, this Enclave currently runs and drives beautifully based on our inspection, with no vibrations or mechanical issues that we're presently aware of. Buyers are always welcome to test drive it thoroughly or arrange an independent pre-purchase inspection. Additional Benefits Clean Title Approximately 113K Miles Three-Row Seating Leather Interior Smooth-Driving 3.6L V6 Excellent Value for a Three-Row SUV CarChief Vehicle Locating System Included OBD Monitoring & Diagnostics Trades Welcome Financing Available Nationwide Shipping Doorstep Delivery Pricing Disclosure A \$1,295 dealer preparation package including the CarChief Vehicle Locating System will be added to the purchase price. This Enclave is priced extremely well for a clean-title, three-row SUV. It currently has a dent on the rear liftgate that we are planning to repair. Mechanically, it runs and drives beautifully based on our current inspection, with no vibrations or known mechanical issues at this time. Because it is a 2014 vehicle with approximately 113,000 miles, normal cosmetic imperfections and future age-related maintenance should be anticipated. Our description of its current driving condition is not a guarantee against future repairs. For someone looking for an affordable clean-title, leather-equipped three-row SUV that currently drives extremely well, this Enclave is absolutely worth considering.
