Dealer notes

2018 Chevrolet/Isuzu 5500 HD Cab Over Flatbed Rollback Tow Truck. This unit runs an aluminum bed with the stub nose Cabover design built by Isuzu/GM, very clean appearance, automatic transmission, diesel engine, aftermarket CD player, full rock guard tire enclosures, mudflaps, and left and right side toolboxes. This unit does have a wheel lift but does not have the slide arms or L arms. Freshly serviced and inspected includes towing gear, safety gear, and multiple other items to put this unit straight to work. The advantage to the cab over design is the sharp turning radius. This truck has a turning radius of only 32 feet. To compare, a Ford or Ram has 45-foot turning radius. This makes the job much easier on country back roads, parking lots or in the city. The bed is also about 6 inches lower than other comparable trucks.
