Why This CT5 Stands Out Not every Premium Luxury CT5 receives the same powertrain, and the 3.0L twin-turbo V6 is a major upgrade. It delivers approximately 335 horsepower and 405 lb-ft of torque, giving the CT5 strong acceleration while retaining the quiet, comfortable character expected from a Cadillac luxury sedan. The combination of the upgraded engine, low mileage, premium packages, and all-black color combination makes this a particularly attractive configuration.
