Dealer notes

Offered for sale is this 2021 Range Rover HSE Westminster P400, finished in black over a black leather interior, powered by a turbocharged 3.0-liter inline six-cylinder engine, running power to all four wheels through an eight-speed automatic transmission, with 68,060 miles. This generation of the full size, no excuses Range Rover is a favorite at Kasser Motor Group. It's not just that the attractive design is instantly recognizable as a Rover, both inside and out, it's the way it sets the standard for the luxury SUV class. The flagship Range Rover is a true pleasure to drive, and it's the unique way it blends comfort and graceful capability that makes them such a compelling package. It's an incredible road trip machine, rapid and serene, yet the Terrain Response system means that they are capable in a wide variety of conditions - they're equally adept at gliding up to a luxury hotel or pushing deep into the woods to a remote cabin without issue. This example is in excellent cosmetic and mechanical condition, with all services and preventative service up to date. The P400 engine specification packs 395 HP with its mild hybrid system and has smooth power. Notable options include the Black Exterior pack, which features black trim along with gloss black 21" wheels - augmented inside by the black headliner and Grand Black Veneer wood trim. Other options include the rear seat convenience pack, wood steering wheel, black exterior pack and heated windshield.
