Dealer notes

Elevate your fleet's operational efficiency and environmental credentials with the revolutionary 2024 Chevrolet Brightdrop eAWD 400. Finished in a clean, professional Oyster White exterior, this all-electric commercial van represents the next generation of last-mile delivery and commercial logistics. Designed to maximize productivity while eliminating tailpipe emissions, the Brightdrop eAWD 400 combines clean modern styling with massive cargo utility and advanced electric vehicle technology, making it an ideal choice for businesses looking to future-proof their operations. Engineered for dependable capability and seamless urban transport, this vehicle features an advanced All Wheel Drive (eAWD) system that provides superior traction and stability across varied road and weather conditions. At the center of its charging infrastructure is a high-voltage 19.2 kW charging module, engineered to enable rapid power replenishment and keep your fleet on the road. The interior is designed around productivity, featuring a durable Jet Black cabin layout alongside a translucent roof over the cargo area that lets natural daylight illuminate your workspace, ensuring easy loading, unloading, and inventory access. Outfitted with practical work-ready upgrades, the 2024 Chevrolet Brightdrop eAWD 400 includes a specialized commercial equipment package and a heat and exterior light package to maintain visibility and driver comfort during early morning or late-night routes. The versatile cabin is equipped with a front passenger jump seat, providing extra seating flexibility when crew members are required on site. For fleet managers and enterprise buyers seeking an intelligent blend of lower operating costs, maximum cargo utility, and zero-emissions driving, the 2024 Chevrolet Brightdrop eAWD 400 is the ultimate commercial solution.
