Dealer notes

Vehicle Located in MA Zoom Classic Cars presents this 1957 Chevrolet 210 Restomod Black Widow Tribute. Few names in American motorsports carry the mystique and rebellious spirit of the legendary Chevrolet Black Widow. Born out of Chevrolet's quiet defiance of the 1957 AMA racing ban, these factory-backed stock cars—prepared by the famed Southern Engineering—dominated early NASCAR competition with stripped-down weight, potent fuel-injected 283 V8s, and unmistakable black-and-gold livery. Driven by icons like Fireball Roberts, the Black Widows became symbols of raw speed and ingenuity—cars that weren't supposed to exist, yet couldn't be beaten. Offered here is a beautifully executed tribute to that legacy: a 1957 Chevrolet 210 Black Widow Tribute Restomod, completed in 2019 and driven fewer than 5,000 miles since its meticulous body-up restoration. This car captures the soul of the original racers while delivering modern drivability, reliability, and comfort. Finished in a deep, mirror-like Onyx Black over India Ivory two-tone, this '57 is laser straight with excellent fit and finish. All chrome, stainless trim, and badging are new, including properly placed Fuelie-style emblems honoring its racing heritage. The bumpers gleam, the paint is slick, and all new glass complements the fresh exterior. Period-correct 15" Radir wheels with spinner caps and Brand new in 2025 BF Goodrich Radial T/A tires (255/60R15 rear, 195/65R15 front) complete the aggressive, nostalgic stance. Inside, you'll find a stunning black and silver factory cloud pattern bench seat interior, faithfully recreated and enhanced with added seat belts. The cabin is entirely refreshed with new carpet, sill plates, door rubbers, handles, and a beautiful headliner. A chrome tilt column paired with a retro '59-style steering wheel adds flair, while the factory dash remains intact with all gauges and lights functioning properly. Subtle upgrades include: Custom flip switches for fuel pump, fan, and dash lights, EFI controls neatly tucked under the dash, AM/FM radio discreetly mounted under the passenger seat, Everything feels period-correct—yet thoughtfully modernized. Under the hood lies a late-model crate ZZ 350ci V8, delivering strong, reliable performance with modern fuel delivery: Holley Sniper EFI system, Edelbrock Air Gap Performer aluminum intake, HEI distributor, Ceramic-coated headers, Aluminum radiator with flex fan, Dual exhaust system. Backing the powerplant is a Saginaw 4-speed manual transmission with Muncie Shifter sending power to a factory rear end with 3.50 limited-slip gearing. Built to drive as good as it looks, this Black Widow tribute features: CPP tubular upper & lower control arms, Front sway bar, New front suspension components, Power steering with new steering box, Power front disc brakes and Vintage Heat & A/C system that functions properly. The result is a classic that cruises confidently, handles predictably, and remains comfortable in modern conditions. Meticulously maintained and always garaged, this 210 has a Clean undercarriage and detailed engine bay, Electric wipers, all lights and signals operational, Parking brake functional, Clean trunk with rubber mat. Includes miscellaneous parts, including new (uninstalled) lap belts. This 1957 Chevrolet 210 Black Widow Tribute is more than

just a restomod—it's a rolling homage to one of the most fascinating chapters in American racing history. With its dialed-in stance, period-correct aesthetics, and modern performance upgrades, it offers the best of both worlds: vintage attitude with contemporary drivability. Turn the key, grab the shifter, and cruise—or show—with confidence. Note: Vehicle carries a small lien to be satisfied prior to delivery. Stored in MA. Please call Jeff for additional information or to arrange a viewing of this great Black Widow recreation. Thanks for Looking. Price does not include \$0 processing fee
