Interior colour: Gray
Body type: —
Fuel economy: — city / — highway MPG
Dealer: Davis Auto Sales, Richmond, Virginia 23237
Dealer phone: (804) 271-0030

Dealer notes

2016 Ram 4500 Versa Lift Electric Bucket Truck. This unit has just 300 boom operating hours and only 2,700 total truck engine hours, which is exceptionally low for a bucket truck of this type. You can look it over and immediately see that it has seen very little use. The 29-foot platform height lift operates exactly as it should. It also features a convenient battery charging outlet for easy maintenance and charging of the battery system. The fiberglass utility body is constructed with stainless steel, aluminum, and galvanized components, eliminating the typical rust concerns associated with these types of service bodies. And best of all, this isn\'t a diesel truck with expensive diesel emissions equipment and maintenance costs. It is powered by the dependable 6.4L HEMI gasoline engine, known for its long service life. The interior is exceptionally clean and fully equipped with power windows, power door locks, cruise control, folding towing mirrors, a rear receiver hitch, side steps, a ladder storage rack system, and dual rear wheels. This is an extremely clean, low-hour bucket truck available at a fraction of the cost of purchasing a comparable new unit, while offering the capability to perform the same job. We maintain an extensive selection of bucket trucks in a variety of shapes, sizes, and configurations, ranging from small units to large commercial setups, but this particular truck is one of the best values in our inventory! Price does not include $0 processing fee
