Dealer notes

NV2500 HD High Roof V6 / NO SIDE OR REAR CARGO WINDOWS / REAR PARTITION DIVIDER / REAR SHELVING / RUST FREE / EXCELLENT CONDITION Maximize your business's mobile potential with this versatile 2018 Nissan NV Cargo NV2500 HD High Roof V6 S. Finished in a professional Glacier White exterior, this commercial workhorse is designed to serve as the ultimate rolling office or mobile workshop. The sought-after High Roof configuration dramatically expands your vertical storage capacity, making it easy to organize tools, transport bulky equipment, and optimize your daily workflow. Whether you are an independent contractor, delivery professional, or fleet manager, this capable cargo van offers the ideal combination of space and professionalism to elevate your business operations. Under the hood, the 2018 Nissan NV Cargo NV2500 HD is powered by a dependable 4.0L 6-cylinder engine that delivers a perfect balance of reliable power and everyday durability. Built on a rugged, heavy-duty foundation, this V6 S trim is engineered to handle demanding payloads and navigate busy city streets or highways with confidence. The expansive high-roof cargo area is a utility powerhouse, providing generous interior height that allows workers to stand upright inside the vehicle, drastically reducing strain during loading and unloading tasks. Inside, the functional gray interior is built to withstand the rigors of daily commercial use, further enhanced by the practical [l92] all-season rubber floor mats to keep the cabin clean in any weather. This model comes equipped with several highly functional additions, including the [f01] rear door glass package for improved rearward visibility, durable [b93] body side moldings to guard against side dings, and a set of four [b92] splash guards to protect the exterior finish. Ready for streamlined commercial upfitting and transport logistics with the [z98] Nissan ship-through fee accounted for, this 2018 Nissan NV Cargo NV2500 HD High Roof V6 S is the complete, turn-key solution your business needs to drive productivity forward.
