Dealer notes

The 2008 Dodge Ram 1500 SLT Quad Cab is a strong and versatile full-size pickup that combines HEMI V8 performance, practical passenger space, and everyday truck capability. Powered by a 5.7-liter V8 engine producing 335 horsepower and 375 lb-ft of torque, this Ram delivers solid acceleration and plenty of power for hauling, highway driving, and general work duties. Paired with an automatic transmission and rear-wheel drive, it offers a straightforward and dependable driving experience with the strength expected from a full-size pickup. With only 86,571 miles, this truck stands out as a relatively low-mileage example for its age. The SLT trim adds a more comfortable and well-appointed feel to the Ram's rugged design, while the Quad Cab layout provides added room for passengers and everyday practicality. Its pickup bed makes it well suited for work, projects, recreation, or weekend use, while the HEMI V8 gives it the performance many truck buyers look for. Combining low mileage, V8 power, practical cab space, and classic Dodge truck styling, the 2008 Ram 1500 SLT is a capable and appealing pickup ready for its next owner.
