Dealer notes

Chevrolet Cheyenne Squarebody K10 4x4 pickup. This truck is as fresh of a build as it gets, with less than 100 miles since the full DOR 2.0 package was installed. It features power-folding retractable steps, a track bar system, crossover steering, RedHead steering box, front and rear chrome differential covers, 39-inch Beggars on 16-inch-wide custom DOR alloy wheels, dual Fox shocks at each wheel, braided brake hoses, ceramic-coated headers and new exhaust, dual steering stabilizers, reasonable shackle bushings, proper front and rear driveshafts, a retro-style radio system upgrade with upgraded speakers, a steel cowl-induction hood, a freshly installed Blueprint small-block engine with new components, power steering, power brakes, and gloss-finished inner fender wells. The list could go on! Nicknamed "Olive Oil," this truck's color is simply magnificent. You will not see another one like it. It actually has a pearl flip-flop finish, so it looks darker or lighter depending on how it catches the light. This is definitely one good-looking truck and an extremely fresh build from top to bottom. Price does not include \$0 processing fee
