Dealer notes

2026 Ford F-450 Platinum Lifted Diesel Custom Dually. This unit was ordered locally and is about as close to a brand-new custom truck as you will find. Just lifted here at Davis Offroad with a four-link suspension and Fox shocks, this F-450 sits on Kelderman Air Ride and 24-inch American Force polished wheels with 37-inch Nitto tires and features a dual rear airbag system. This truck is still fully towing-capable for a gooseneck, fifth-wheel, or tagalong trailer. Inside, it is loaded with amenities, including a panoramic sunroof and all the other features you would expect from a Platinum. Under the hood is the 6.7L Power Stroke Turbo Diesel, and it also features a spray-in bedliner and power-retractable steps. This truck is definitely right out of the wrapper and essentially brand new! There is no need to waste time waiting on a factory order or scheduling an appointment to have a truck built. This one is already here, already lifted, and ready to go! Price does not include \$0 processing fee
