Dealer notes

Jack says Sell Em for Less!

This 2024 Volkswagen Tiguan 2.0T SE in white combines practical design with reliable performance, ready to serve your daily driving needs. With its 2.0L TSI DOHC engine paired to an 8-speed automatic transmission and all-wheel drive, this compact SUV delivers 22 city and 29 highway mpg, making it efficient for both commuting and longer trips.

6 speakers with SiriusXM 360L satellite radio and MIB3 touchscreen infotainment
- AWD system with 4-wheel independent suspension for confident handling
- Automatic and fully automatic headlights with rain-sensing wipers
- Front dual zone automatic temperature control and rear window defroster
- Heated front seats with perforated leather seating surfaces
- Power liftgate, power windows, and remote keyless entry
- 18-inch dark graphite alloy wheels
- Exterior parking camera with rear view
- Electronic Stability Control and traction control
- VW Car-Net Safe & Secure emergency communication system
- Power driver seat with telescoping and tilting steering wheel
- Heated power door mirrors with turn signal indicators
- Auto-dimming rear-view mirror and illuminated entry

The Tiguan's interior is thoughtfully appointed to enhance your driving experience. Heated front seats with quality leather surfaces provide comfort during colder months, while the front center armrest and split-folding rear seat offer flexibility for passengers and cargo. The power driver seat allows you to find your ideal driving position, and the telescoping and tilting steering wheel ensures accessibility for all drivers. Dual-zone climate control keeps front passengers comfortable independently, while the rear window defroster and automatic temperature control manage the cabin environment efficiently.

Safety is integrated throughout this model. Dual front impact airbags, front side impact airbags, and overhead airbags work with electronic stability control and traction control to help protect occupants. The 4-wheel independent suspension responds to road conditions, while speed-sensing steering adapts to your driving speed. An exterior parking camera provides rear visibility, and the low tire pressure warning system alerts you to maintenance needs. VW Car-Net Safe & Secure offers peace of mind with emergency communication capabilities for a 5-year period.

Handling and visibility are prioritized in this design. The all-wheel drive system works with the independent suspension to maintain traction and stability on various road surfaces. Rain-sensing wipers automatically adjust to weather conditions, while fully automatic headlights activate as lighting changes. Speed control reduces fatigue on highway drives, and the trip computer helps you monitor fuel efficiency and driving data. Heated door mirrors with turn signal indicators improve visibility during adverse weather, and the steering wheel-mounted audio controls keep your attention focused on the road.

The exterior features practical durability and style. The 18-inch dark graphite alloy wheels balance efficiency with appearance, while body-color bumpers and a spoiler complete the modern profile. The power liftgate simplifies cargo loading, and the rear window wiper maintains

visibility. This white finish presents a clean, versatile look that works in any setting.
