Dealer notes

Ram 3500 Dually Utility Work Truck 4x4 Diesel. This Cummins Turbo Diesel-equipped truck features an 11-foot Warner utility body with outrigger legs and would make a perfect service truck or could easily accommodate the addition of a crane. It has received lots of recent service and maintenance, with records on file. Equipped with six like-new Falken all-terrain tires, a rear hitch system, large step-up rear bumper, LED lights, extendable towing mirrors, four-wheel drive, power windows, power door locks, tilt steering, a factory three-passenger bench seat, factory trailer brake controller, and traction control, this is a very heavy-duty vehicle that is ready to go to work. We have several of these trucks available, including a few crew cab models. Price does not include \$0 processing fee
