Dealer notes

YOUTUBE VIDEO PRESENTATION LINKED BELOW. Incredibly clean and well cared for Z06 Fixed Roof Coupe finished in Quicksilver Metallic over Black Leather interior and equipped with the M12 heavy duty Tremec T-56 manual transmission with a new clutch, master cylinder, and slave cylinder replaced at 53K miles. This car is in super clean condition inside and out with no major blemishes I could find on the paint anywhere to disclose, including clean bumpers, hood, and glass. The interior is in amazing condition as well with none of the usual wear issues including excellent door panels with no shrinking arm rests, excellent leather seats with no major wear on the seat bottoms or bolsters, and nice clean dash with no shrinking on the upper dash panel. The car runs and drives great with no known problems or issues and all major functions in proper working order including cold AC, proper working pop-up headlights, excellent replacement drilled and slotted upgraded brakes, Mickey Thompson tires, and proper OE floor mats in place. This car mostly unmodified with the stock intake and exhaust systems, as well as the correct gray finish wheels 17" front and 18" rear. The car has been fully inspected and serviced including the steering lock system bypass update. One of the most collectible and under appreciated Corvettes on the market today, and an awesome driver car or one to put away for future value appreciation. Check out the YouTube video presentation of this car here: <https://youtu.be/TLCjQ-Yz10s> Price does not include \$299 processing fee
