Dealer notes

2008 Audi RS4 Titanium Audi Exclusive Package — 1 of 55 Produced A rare and exceptionally well-sorted example of Audi's legendary B7 RS4. Finished in Phantom Black Pearl Effect with a striking Black/Crimson Red Audi Exclusive interior, this RS4 is one of just 55 U.S.-market examples produced with the Audi Exclusive Package. Combined with the desirable Titanium Package, 6-speed manual transmission, and naturally aspirated V8, this is a particularly special configuration of an already iconic RS model. This example has been thoughtfully upgraded with an OEM approach while retaining the character that makes the B7 RS4 so desirable. It also benefits from over \$10,000 in recent service and maintenance performed within the last 5,000 miles. Extensive Recent Service Over \$10,000 invested within the last 5,000 miles, including major preventative and performance-related maintenance: Complete Intake Manifold De-Flap Service Comprehensive Carbon Cleaning / De-Carbon Service Additional extensive maintenance and servicing performed Major attention given to common B7 RS4 maintenance areas The B7 RS4 represents a formula Audi has never truly repeated: a high-revving naturally aspirated V8, 6-speed manual transmission, Quattro AWD and understated four-door bodywork. What separates this example is its combination of Audi Exclusive rarity, Titanium specification, two-tone Crimson Red interior, extensive recent maintenance and carefully selected enthusiast upgrades. The imported RS6 wheels and European flat-bottom steering wheel maintain a factory-inspired appearance, while KW, 034Motorsport, JHM and Jackal upgrades improve the chassis and V8 driving experience. A rare opportunity for the enthusiast looking for a properly sorted, tastefully modified B7 RS4 rather than an ordinary example. By appointment only. Financing available. Trade-ins welcome.
