Dealer notes

2022 Ford F-150 Raptor 4x4. Finished in stunning Antimatter Blue, this Raptor is equipped with a panoramic sunroof, leather and suede performance seats, and all of the premium features and amenities you would expect from Ford's flagship off-road performance truck. This truck has had the same owner since we sold it to him with only 200 miles on the odometer. It has been locally owned, exceptionally well cared for, and properly serviced on schedule. It has never been in the shop for any major repairs—only routine maintenance. The tires are approaching the point where they will need to be replaced, and we have priced the truck accordingly. We would also be happy to upgrade the tires at our straight dealer cost if the new owner would like that completed before delivery. The truck is also receiving a fresh service and inspection. This Raptor is the real deal with a clean history, clean background, clean title, and an exceptionally competitive price. If you've been searching for a well-maintained, one-owner 2022 Ford F-150 Raptor, this is one you won't want to miss. Price does not include \$0 processing fee
