This configuration combines full-size Crew Cab passenger space, four-wheel-drive capability, and the proven Pentastar powertrain. CLEAN TITLE • GREAT SERVICE RECORDS ON CARFAX Performance & Capability 3.6L Pentastar® V6 305 Horsepower 269 lb-ft of Torque 8-Speed 845RE Automatic Transmission Four-Wheel Drive (4x4) Crew Cab / Four Full-Size Doors 5'7" Short Bed Flex-Fuel Capability Variable Valve Timing Electronic Stability Control Trailer Sway Control Four-Wheel Disc Brakes Tire Pressure Monitoring System Ram's factory towing documentation confirms the 3.6L V6, 845RE 8-speed automatic, Crew Cab, 5'7" box and 4x4 configuration. Towing & Payload For a 2017 Ram 1500 Crew Cab 4x4 with the 3.6L V6 and 5'7" bed, Ram lists approximately 1,630 lbs of payload. Maximum trailer capacity depends on the axle ratio: 3.21 axle: up to 4,210 lbs 3.55 or 3.92 axle: up to 7,210 lbs These figures come from Ram's SAE J2807 towing chart. The exact axle ratio and vehicle-specific payload should be confirmed from the factory build sheet and door-jamb labels before advertising a specific maximum capacity. Crew Cab & Work-Truck Utility The Crew Cab provides generous rear-seat space, while the 5'7" short bed makes the truck easier to maneuver than longer-bed configurations. The Tradesman is an excellent choice for contractors, construction, landscaping, property maintenance, fleet operations, outdoor recreation, and everyday driving. Typical equipment includes air conditioning, cruise control, folding rear seating, power steering, traction and stability control, trailer sway control, and tire-pressure monitoring. Features such as Uconnect®, Bluetooth, backup camera, power accessories, and trailer-tow equipment depend on the truck's original option packages. Proven Pentastar V6 The 305-horsepower 3.6L Pentastar V6 provides a practical combination of performance and efficiency. Paired with the 8-speed automatic and 4WD, this Ram delivers the versatility buyers want from a full-size pickup without requiring the larger 5.7L HEMI V8.
