Dealer notes

STATE CERTIFIED REBUILT TITLE – 2024 GMC Yukon XL Denali 4WD – ONE OWNER – Kentucky Vehicle – 3.0L Duramax Diesel – Max Trailering Package – Panoramic Sunroof This 2024 GMC Yukon XL Denali 4WD combines flagship Denali luxury with the tremendous passenger and cargo capacity of the extended-length Yukon XL. Finished in classic Summit White over a premium Jet Black interior, this one-owner Kentucky SUV offers an impressive combination of luxury, efficiency, towing capability, and four-season versatility. Power comes from the highly desirable 3.0L Duramax Turbo-Diesel inline-six, delivering strong low-end torque and smooth highway performance. Combined with 4WD and the Max Trailering Package, this Yukon XL is exceptionally well suited for long-distance travel, towing, family use, and everyday luxury driving. Vehicle History & Condition This Yukon XL carries a State Certified Rebuilt Title following a previous driver-side swipe. ONE OWNER Kentucky Vehicle Driver-Side Damage History NO Structural Damage Repairs Completed Inspected & State Certified The previous incident affected the driver's side of the vehicle and did not result in structural damage. Following repairs, the Yukon completed the required inspection and certification process. Why This Yukon XL Stands Out This is an especially desirable Yukon configuration for buyers who want maximum space without giving up premium equipment or capability. The 3.0L Duramax diesel is a major highlight, providing excellent low-end torque and a different driving character from the gasoline V8 options. The Max Trailering Package further enhances its utility, while the Denali trim provides the upscale interior and exterior appointments expected from GMC's premium lineup. The extended XL body provides considerably more cargo space behind the third row, making it ideal for larger families and long road trips. Max Trailering Capability The 3.0L Duramax Turbo-Diesel is an excellent match for the Yukon XL, providing strong torque for highway driving, hauling, and towing while offering the smooth refinement expected from a Denali. The Max Trailering Package adds additional capability for buyers planning to tow, while 4WD provides added traction when road or weather conditions become challenging. An engine block heater provides additional cold-weather convenience, making this configuration particularly practical for year-round use.
