Dealer notes

Offered for sale is this 2024 Maserati Granturismo Trofeo, finished in white over a red leather interior with black accents, powered by a 3.0-liter twin turbo V6 engine, running power to all four wheels through an eight-speed automatic transmission, with 6,466 miles on the odometer as of this writing. The Granturismo Coupe is another longtime favorite here at Kasser Motor Group, and we're always on the lookout for well optioned examples - both for ourselves and for customers. This latest version of the Maserati Granturismo is a great update of the long GT coupe lines we loved from the last generation. The engine, named "Nettuno", is a twin-turbo V6 is a proven performer. With versions available in Maserati's own MC20 supercar, here it produces 542hp, making it genuinely fast and producing power and great sound at any speed - all while the adaptive air suspension system provides accuracy and supple comfort, a proper adaptability for a rapid GT Coupe. This example of the Granturismo Trofeo is in excellent condition, and in the kind of specification that we love, with the white/red contrast. With only 6646 miles covered, the interior is clean without evidence of use, with notable options including the carbon fiber interior trim and 360-degree backup cameras.
