Fuel economy: — city / — highway MPG

Dealer: Zoom Classic Cars, North Haledo, NJ 07508

Dealer phone: 844-496-6622

Dealer notes

Zoom Classic Cars presents this 2004 Chevrolet Silverado 1500 LS with less than 14K Original Miles. 2nd Owner from new. Finding an unmodified, exceptionally low-mileage pickup from the early 2000s is becoming increasingly difficult, making this 2004 Chevrolet Silverado 1500 LS a truly rare opportunity. Having traveled less than 14,000 original miles since new, this Silverado has been carefully preserved throughout its life and remains in remarkable original condition. Finished in attractive Sport Red Metallic over a Dark Charcoal cloth interior, this Silverado presents beautifully and reflects the pride of ownership it has enjoyed from day one. The truck has spent its entire life being meticulously maintained and carefully stored. It is now being offered for sale by its Massachusetts 2nd owner with a clean MA title in the owner's name. Under the hood is Chevrolet's legendary 5.3-liter Vortec V8, factory rated at 295 horsepower and 330 lb-ft of torque. Known for its outstanding reliability, durability, and smooth performance, the V8 is paired with a dependable four-speed automatic transmission and a locking rear differential. The factory Trailering Package also includes an auxiliary transmission oil cooler, making this Silverado equally comfortable towing, hauling, or serving as an exceptionally clean weekend cruiser. The exterior retains its original Sport Red Metallic finish and features chrome front and rear bumpers, a Fleetside bed, factory bed liner, chrome bed rails, receiver hitch, and an eight-pin trailer connector. Note that the 2004 Chevy Silverado step side pickup does not use standard sheet metal for its outer bed structure. Instead, the rear fender flares and outer bedside panels are made from a rigid, rust-resistant composite material known as SMC (Sheet Molded Compound), which is often classified as a type of fiberglass. Riding on factory 16-inch five-spoke wheels wrapped in Michelin LTX M/X tires, the truck offers a comfortable ride while maintaining its original appearance. Four-wheel disc brakes provide confident stopping power. Inside, the cabin is exceptionally clean and well preserved. The split-folding front bench seat is upholstered in Dark Charcoal cloth and shows minimal signs of use, while interior amenities include power windows, power door locks, air conditioning, and a factory CD stereo. The leather-wrapped four-spoke steering wheel fronts a clear and easy-to-read instrument cluster featuring a 120-mph speedometer, 6,000-rpm tachometer, and gauges for fuel level, voltage, oil pressure, and coolant temperature. The digital odometer displays just 13,697 original miles. Whether you're a collector seeking one of the nicest surviving GMT800 Silverados, a Chevrolet enthusiast, or simply someone looking for an incredibly well-preserved, dependable full-size pickup, this truck checks all the boxes. Its remarkably low mileage, desirable Vortec V8, and outstanding originality make it increasingly difficult to duplicate. This is the kind of Silverado that's almost impossible to replace—a highly original, low-mileage example that has been carefully preserved rather than simply used. Whether added to a collection, driven on weekends, or put back into light-duty service, this exceptional Silverado is ready for its next owner. Call Jeff for additional information or to
