### Dealer notes

ONE OWNER CLEAN CARFAX REPORT AND ONLY 38K ORIGINAL MILES! HIGHLY DESIRABLE FIRST-YEAR 1.8L ENGINE WITH FACTORY TORSSEN AXLE!! ORIGINAL MAZDA BIRTH CERTIFICATE INCLUDED!! YOUTUBE VIDEO LINKED BELOW!! Absolutely INCREDIBLE NA Miata C-Package finished in Classic Red over Tan Leather. Collectors will note that 1994 marks a highly sought-after year for the first-generation NA chassis, as it introduced the larger, more powerful 1.8L DOHC engine along with factory chassis rigidity upgrades. Purchased new by an older lady and exclusively garage-kept, this ultra-low mileage example reflects an amazing level of care and preservation. Absolutely incredible original, unmodified condition inside and out with no issues to be disclosed. Factory C-Package equipped with premium tan leather seating, power windows, power mirrors, cruise control, leather-wrapped steering wheel, and a factory sound system with headrest speakers. This specific car was also ordered with the rare standalone Anti-Lock Braking system (ABS) from the factory. Our service department just completed a full mechanical inspection and comprehensive service to ensure this car is completely turn-key. It runs, drives, and performs beautifully with an excellent sounding 1.8L 4-cylinder engine and a strong clutch pulling smoothly through all 5 manual gears. The air conditioning blows ice-cold, and every major function works perfectly—including the original factory power antenna. The body integrity on this car is absolutely impeccable. Every single body panel has been verified and retains its original, matching factory VIN sticker, confirming 100% original sheet metal with no history of structural damage. Underbody photography is included in our gallery, highlighting an exceptionally clean underside with absolutely no rust issues anywhere. The interior condition is stunning, featuring beautiful leather seats without the usual bottom cushion wear, immaculate tan carpets, and the original carpeted floor mats. The factory tan soft top remains in very good condition with clear windows and no holes or tears. Crucial to the collector pedigree of this car is its extensive documentation and single-owner history. Because it is a factory 1.8L manual C-Package car, it features the legendary, gear-driven Type 1 Torsen limited-slip differential, which represents the peak factory performance setup for the drivetrain. The vehicle comes complete with the rare, original Mazda "Birth Certificate" mailed to the first owner upon delivery, which officially verifies its factory options and single-owner pedigree. It also comes complete with all original factory books, the factory tool kit, the correct tan convertible tonneau cover, and the completely unused original spare tire still tucked away in the trunk. If you are looking for the ultimate first-generation NA roadster with the best of the best options, an iron-clad one-owner provenance, and the highly coveted Torsen axle, this is the one you have been waiting to find. Check out my YouTube video walkaround showing all matching VIN tags and the deep red glossy paint here: <https://youtu.be/wnnRmb5Bdq8> Highlights: \* Cherished One-Owner History \* Clean CARFAX Report With Zero Accident
