Dealer notes

2011 Cadillac CTS-V Coupe – Supercharged 6.2L V8 | 556 HP | Crystal Red Tintcoat | Automatic Unique Motors is pleased to offer this 2011 Cadillac CTS-V Coupe, finished in stunning Crystal Red Tintcoat over an Ebony interior. Combining aggressive American muscle car performance with Cadillac luxury, the second-generation CTS-V Coupe remains one of the most distinctive high-performance coupes of its era. Powered by a supercharged 6.2L LSA V8 producing 556 horsepower and 551 lb-ft of torque, paired with a 6-speed automatic transmission, the CTS-V delivers exceptional acceleration, impressive handling, and the unmistakable character of a supercharged American V8. With its aggressive two-door styling, rear-wheel-drive platform, Brembo performance brakes, and Magnetic Ride Control suspension, the CTS-V Coupe was engineered to compete with some of the world's most respected European performance vehicles. Key Features & Factory Equipment 6.2L Supercharged LSA V8 – Factory supercharged engine producing 556 horsepower and 551 lb-ft of torque 6-Speed Automatic Transmission – Heavy-duty automatic transmission with manual shift capability Rear-Wheel Drive (RWD) – Traditional high-performance drivetrain configuration Crystal Red Tintcoat Exterior – Premium Cadillac metallic red paint finish Ebony Interior – Black interior with performance-inspired appointments Magnetic Ride Control – Electronically controlled adaptive suspension with continuously adjustable damping Brembo Performance Braking System – High-performance multi-piston brakes engineered for the CTS-V Limited-Slip Rear Differential – Enhanced traction and power delivery CTS-V Performance Suspension – Sport-tuned chassis designed for high-speed stability and precise handling Factory Alloy Wheels – Silver-finished multi-spoke performance wheels Functional Hood Vent – Signature CTS-V hood design with integrated heat extraction Aggressive CTS-V Front Fascia – Large mesh grille and performance-oriented front bumper Dual Exhaust Outlets – Factory performance exhaust configuration Premium Audio System – Factory Bose surround sound system Navigation System – Integrated Cadillac navigation and infotainment Dual-Zone Automatic Climate Control – Individual driver and passenger temperature settings Keyless Access & Push-Button Start – Convenient entry and ignition system Performance Specifications Engine: 6.2L Supercharged LSA V8 Supercharger: Eaton TVS Roots-Type Supercharger Horsepower: 556 HP @ 6,100 RPM Torque: 551 lb-ft @ 3,800 RPM Transmission: 6-Speed Automatic Drivetrain: Rear-Wheel Drive (RWD) 0–60 MPH: Approximately 4.0 Seconds Suspension: Magnetic Ride Control Brakes: Brembo Performance Braking System Differential: Limited-Slip Rear Differential Body Style: 2-Door Performance Coupe Exterior Color: Crystal Red Tintcoat Interior Color: Ebony / Ebony Supercharged LSA V8 Performance At the heart of the CTS-V Coupe is General Motors' legendary 6.2L LSA supercharged V8, an engine developed to deliver exceptional power while maintaining everyday drivability. Producing 556 horsepower and 551 lb-ft of torque, the LSA provides immediate throttle response, strong midrange

acceleration, and an unmistakable supercharged V8 soundtrack. The CTS-V's performance engineering extends beyond the engine. Its Magnetic Ride Control suspension continuously adjusts damping characteristics to optimize handling and ride quality, while the Brembo braking system provides substantial stopping power. The rear-wheel-drive chassis and limited-slip differential further enhance the driving experience, making the CTS-V Coupe equally capable of comfortable highway cruising and spirited performance driving. Exterior & Interior Highlights Finished in Crystal Red Tintcoat, this CTS-V Coupe showcases one of Cadillac's most distinctive performance designs. Its sharp body lines, wide rear shoulders, aggressive front fascia, mesh grille, and sculpted hood give the vehicle an unmistakable presence. The factory silver multi-spoke wheels complement the rich red exterior, while the signature vertical lighting and angular rear design distinguish the CTS-V Coupe from traditional luxury performance cars. Inside, the Ebony / Ebony interior features a driver-focused cockpit with premium materials, supportive sport seating, and Cadillac's luxury appointments. The 2011 Cadillac CTS-V Coupe represents an exciting era of American performance engineering, combining a factory-supercharged V8 with a sophisticated chassis and distinctive luxury coupe styling. With 556 horsepower, 551 lb-ft of torque, Brembo brakes, Magnetic Ride Control, and rear-wheel drive, the CTS-V delivers serious performance while maintaining the comfort and practicality expected from Cadillac. What makes this example particularly appealing is its striking Crystal Red Tintcoat exterior, Ebony interior, factory supercharged LSA V8, and 6-speed automatic transmission. For enthusiasts seeking a powerful American luxury coupe with unmistakable styling and an increasingly uncommon supercharged V8 driving experience, this CTS-V is an excellent choice.
