Dealer notes

Our 2013 Nissan Juke SL AWD, shown in Pearl White, is simply stunning! Motivated by a TurboCharged 1.6 Liter 4 Cylinder that generates 188hp paired with Nissan's Xtronic CVT w/Sport mode for quick passing power. This All Wheel Drive SUV helps you show off nearly 32mpg on the highway, proving efficiency and performance can work together. Outside our Juke, admire the 17-inch aluminum-alloy wheels, unique turn signals, and 370Z-inspired taillights to complete the aggressive look of the exterior. Look inside our SL, and you'll notice the expressive style continues into the cabin, inspired by today's sport bikes. The painted center console and door trim refuse to blend in, and you'll find it hard not to notice the gauges inspired by generations of motorsports. Enjoy our upscale audio system, Intelligent Key access, comfortable seating, an advanced Navigation system with touchscreen, a power sunroof, and the innovative Integrated Control System. With performance being a Nissan staple, it's no surprise it performs well when keeping you safe with stability/traction control, ABS, and high-strength steel side-door guard beams are just a few of the features made standard for your protection. Make this Juke SL yours today! Save this Page and Call for Availability. We Know You Will Enjoy Your Test Drive Towards Ownership!
