Dealer notes

The 2004 Toyota Land Cruiser 100 Series represents an increasingly rare combination of legendary durability, genuine off-road capability and refined everyday comfort. Powered by Toyota's renowned 4.7-liter i-Force V8 paired with a smooth five-speed automatic transmission, it delivers the dependable performance and exceptional build quality that have made the Land Cruiser one of the world's most respected SUVs. Its body-on-frame construction, full-time four-wheel-drive system and locking center differential provide serious all-terrain capability, while its spacious three-row interior, premium materials and remarkably composed ride make it equally enjoyable on long highway journeys. Few vehicles combine rugged engineering and luxury with such effortless confidence. With only 140,000 miles, this example has comparatively low mileage for a Land Cruiser, a model widely recognized for reaching exceptionally high mileage when properly maintained. Its California provenance adds to its appeal, as the region's generally warm, dry climate is ideal for preserving a vehicle's body, chassis and undercarriage. Clean 100 Series Land Cruisers are becoming increasingly difficult to find, making this a compelling opportunity to own one of Toyota's most capable, dependable and enduring vehicles.
