Body type: American Classic
Fuel economy: — city / — highway MPG
Dealer: Zoom Classic Cars, North Haledo, NJ 07508
Dealer phone: 844-496-6622

Dealer notes

Zoom Classic Cars is pleased to present this beautifully restored 1994 Chevrolet C/K1500 Stepside Short Bed Pickup. If you\'re a fan of Chevrolet\'s increasingly popular OBS (Old Body Style) trucks, this is a particularly attractive example combining classic GMT400 styling, dependable small-block V8 power and tasteful custom upgrades. The 1988–1998 Chevrolet C/K trucks, built on GM\'s GMT400 platform, have developed a tremendous following among collectors and enthusiasts. Commonly referred to as OBS trucks, they represent an important transition in Chevrolet truck design, combining traditional small-block V8 power with a more modern chassis, independent front suspension and improved everyday comfort. The 1994 model year received a revised front grille and additional refinements, including improved corrosion protection and a center high-mounted brake light. It was also among the final years before Chevrolet\'s significant 1995 interior redesign. The factory Stepside, or Sportside, short-bed configuration is an especially desirable combination, offering distinctive styling that separates these trucks from the more common Fleetside models. This rust-free Florida truck underwent a restoration prior to being purchased by its current owner in 2023. Finished in a stunning shade of Candy Brandywine, the truck presents very well, with beautiful paint. The distinctive Stepside bed, complemented by the custom wheel and tire combination, gives this Chevrolet a great stance and great street-truck appeal. Under the hood is the original 5.7L (350 CID) Chevrolet small-block V8, which has been rebuilt and retains its factory-style fuel injection. Power is delivered through a 4-speed automatic transmission and a Positraction rear differential. The 1994 350 was factory rated at approximately 200 horsepower and 310 lb-ft of torque, providing the kind of dependable low-end power and drivability that made Chevrolet\'s small-block trucks so popular. Additional mechanical highlights include: Power steering with upgraded Borgeson steering box, Rebuilt front suspension, Front-end alignment completed, New Optima battery, New American Racing wheels with Staggered tire combination: Front: 245/40ZR20 & Rear: 315/35ZR20, Tinted glass, New Access tonneau cover, lined cargo bed, clean and solid undercarriage and great-sounding dual exhaust system with rear-exiting chrome tips. The desirable short-bed Stepside configuration, known in Chevrolet\'s factory terminology as the Sportside, is particularly appealing and gives this truck the traditional sport-truck appearance that continues to attract OBS enthusiasts. The interior features attractive tan cloth upholstery in excellent condition, with no rips or tears. The cabin is clean and comfortable, with an excellent headliner and a well-preserved presentation throughout.Convenience and comfort features include:Power windows, Power door locks, Air conditioning that blows cold, Fully operational heating system, New AM/FM radio, Tinted glass, Factory instrumentation, with all gauges operating as they should. The current owner is a Chevrolet enthusiast who has meticulously maintained the truck and continued to enjoy and care for it. Truck runs, drives and handles beautifully and is stored in Florida

with clean FL Title in the owner’s name. If you\'ve been looking for a sharp, rust-free OBS Chevrolet pickup that stands out from the crowd, this 1994 C/K1500 deserves your attention. It runs, drives and shifts smoothly, the air conditioning blows cold, and it is ready to enjoy. Call Jeff for additional information or to schedule a viewing. Thanks for looking!
