Interior colour: Black
Body type: SUV
Fuel economy: — city / — highway MPG
Dealer: CarLux, Waukegan, IL 60085
Dealer phone: 847-999-3988

Dealer notes

The 2019 Jeep Cherokee Latitude Plus 4X4 arrives with a documented history of regular oil changes, the kind of quiet detail that tells you more about a vehicle's true condition than almost anything else on a CARFAX report. The 3.2L V6 24-Valve VVT engine paired with a 9-speed automatic and Jeep Active Drive I gives this Cherokee genuine 4x4 confidence, and the Selec-Terrain system means you dial in traction for whatever the road throws at you instead of hoping for the best. The Trailer-Tow Group with a Class III receiver hitch, 7 and 4-pin wiring harness, and heavy-duty engine cooling means this Cherokee is ready to work as hard as it looks, whether that's hauling a boat north for the weekend or just handling everyday Chicagoland traffic with authority. Diamond Black Crystal Pearl over black, with satin carbon aluminum wheels, gives it a presence that reads premium without trying too hard. Climb inside and the Latitude Plus trim delivers more than the name suggests it should. The Cold Weather Group brings heated front seats, a heated steering wheel, remote start, a windshield wiper de-icer, and an engine block heater, which in a Midwest winter is the difference between dreading your commute and barely thinking about it. A power 8-way driver seat with power lumbar adjustment, a leather-wrapped steering wheel with audio controls, dual-zone comfort, and power windows with one-touch up and down round out a cabin that feels genuinely dialed in for daily life, not just equipped to check a box. The Uconnect 4 system with a 7-inch touchscreen brings Apple CarPlay and Android Auto into every trip, backed by SiriusXM satellite radio and a 6-speaker system that makes the drive itself part of the appeal. ParkView rear back-up camera, electronic stability control, electronic roll mitigation, and all-speed traction control work quietly to keep every drive planted and predictable. A well-optioned Cherokee Latitude Plus with a documented maintenance history, real towing capability, and cold-weather equipment already built in is exactly the kind of vehicle that buyers who understand Midwest ownership costs recognize as smart before anyone else does. Come see it at Carlux in Waukegan and feel the difference across Chicagoland.
