Dealer notes

Elevate your fleet efficiency and lower operational emissions with the 2024 Chevrolet BrightDrop eAWD 400. Finished in a professional Oyster White exterior, this modern all-electric commercial van is engineered from the ground up to handle demanding delivery routes while streamlining daily operations. Designed specifically for businesses focused on sustainable productivity, the BrightDrop eAWD 400 combines commercial-grade utility with advanced electric vehicle technology to redefine modern route logistics. Capability is at the core of this electric commercial vehicle, featuring an advanced All Wheel Drive drivetrain that delivers exceptional traction and control across varied road conditions. Powering your workday is made easy thanks to the included 19.2 kW high-voltage charging module, which allows for fast and efficient power replenishment to keep your business moving with minimal downtime. Outfitted with a dedicated commercial equipment package, this van provides the dependable utility required to handle heavy workloads and daily route demands. Inside, the practical Jet Black interior is optimized for workflow efficiency, complete with a convenient front passenger jump seat to accommodate an extra team member when necessary. Loading and organizing cargo is simpler than ever thanks to the translucent roof cargo area, which lets natural light filter into the back to improve interior visibility. Further enhanced by the heat and exterior light package for better illumination and cabin comfort, the 2024 Chevrolet BrightDrop eAWD 400 is an exceptionally smart investment for any business looking to lead the way in electric transport.
