2018 CADILLAC CTS-V SEDAN640HP Supercharged V8 | Carbon Fiber Package | Custom KPMF Rose Gold Rainbow Wrap | Custom Heart WheelsThis is anything but an ordinary CTS-V. Underneath the one-of-a-kind exterior is one of Cadillac's greatest performance sedans—the 2018 CTS-V, powered by the monstrous 6.2L supercharged V8 producing 640 horsepower and 630 lb-ft of torque. Originally finished in Crystal White Tricoat, this CTS-V has been completely transformed with a custom KPMF Rose Gold wrap with Rainbow Laminate, complemented by custom heart-design wheels for a look unlike anything else on the road. Prior to the wrap installation, the vehicle also received paint correction, giving proper attention to the original finish underneath. CUSTOM BUILD Custom KPMF Rose Gold Wrap Rainbow Laminate overlay for a color-shifting finish Professional paint correction Custom Heart Wheels One-of-a-kind exterior presentation Crystal White Tricoat factory paint underneath This is a CTS-V built to make a statement—the Rose Gold finish changes dramatically depending on lighting and angle, while the custom wheels complete an unmistakable show-car appearance. 640HP SUPERCHARGED V8 6.2L Supercharged V8 640 horsepower 630 lb-ft of torque 8-speed automatic transmission Rear-wheel drive Electronic limited-slip differential Magnetic Ride Control Performance Traction Management Brembo performance brakes Performance suspension ZF premium steering OVER \$14,000 IN LISTED FACTORY OPTIONS & DESTINATION Carbon Fiber Package \$6,250 Luxury Package \$2,500 UltraView Power Sunroof \$1,450 Premium 19" Forged Alloy Wheels \$900 Crystal White Tricoat \$600 Advanced Security Package \$600 Red Brembo Calipers \$595 Sueded Microfiber Steering Wheel & Shift Knob \$300 All-Weather Mat Protection Package \$225 Original Shipping Charge \$995 CARBON FIBER PACKAGE The factory \$6,250 Carbon Fiber Package makes this an especially desirable CTS-V specification, adding an even more aggressive performance-focused appearance to Cadillac's flagship super sedan.
