Dealer notes

High-roof workspace. Diesel torque. Heavy-duty versatility. If you need a commercial van with substantial interior space without moving up to a longer-wheelbase configuration, this well-maintained 2019 Mercedes-Benz Sprinter 3500 High Roof delivers a practical combination. Finished in Selenite Grey Metallic over Black, this particular Sprinter pairs its High Roof with a 144-inch wheelbase, providing useful interior height while keeping the van more manageable for everyday commercial use. Inspected, serviced and ready to go. 4 Month/4,000-Mile Warranty. The 3.0L turbocharged V6 diesel produces 188 horsepower and 325 lb-ft of torque, paired with an automatic transmission and Rear-Wheel Drive. The 3500 chassis provides a heavy-duty foundation for commercial transportation and equipment-hauling applications. Behind the front cabin is an open cargo area with no rear passenger seating, leaving the space available for tools, shelving, equipment, parts, supplies, or a trade-specific buildout. The High Roof provides additional vertical room for moving around the cargo area and accommodating taller equipment. Equipment includes Active Brake Assist, Blind Spot Assist, Crosswind Assist, a rearview camera, Backup Alarm, multifunction steering wheel, and an upgraded starter. Frequently Asked Questions Q: Does this Sprinter have rear passenger seating? A: No. Passenger seating is limited to the front cabin, leaving the rear area dedicated to cargo and equipment. Q: What types of businesses could use this Sprinter? A: Its open cargo area and High Roof make it a practical platform for contractors, electricians, plumbers, HVAC companies, delivery operations, mobile service businesses, and other commercial users. Q: Why choose the 144-inch wheelbase? A: It provides useful cargo capacity while keeping the van shorter and easier to maneuver than longer-wheelbase Sprinter configurations.
