Interior colour: Black

Body type: Truck

Fuel economy: — city / — highway MPG

Dealer: Davis Auto Sales, Richmond, Virginia 23237

Dealer phone: (804) 271-0030

### Dealer notes

Chevrolet K10/K30 Stepside Squarebody Monster Truck. This is one seriously built Squarebody, featuring an 18-inch suspension lift, massive 44-inch Super Swamper Bogger tires, and 18-inch-wide wheels. Up front, you'll find a Dana 60 axle with a Yukon differential cover, while the rear features a 14-bolt axle with a disc brake conversion. Under the hood is a freshly built 417 LS engine, complete with documented paperwork. This engine sounds like an absolute race car through the exhaust, and with the cutouts open, it really lets this truck sound like it's ready to rip up the asphalt! The suspension and steering setup includes dual Fox shocks at each wheel, an all-spring, no-block rear suspension, dual steering stabilizers, and a matched crossover steering and track bar system. Additional upgrades include retractable power steps, a billet grille, upgraded LED lighting, and custom interior door panels. Inside, you'll find a custom seat, a retro-style radio, a recently installed Vintage Air conditioning system, and upgraded speakers and speaker pods. Fuel delivery and engine management are handled by a Holley Terminator X fuel injection system. The bed is beautifully finished with a wood floor, adding another custom touch to this already impressive build. The truck sounds the part, looks the part, and gets incredible attention wherever it goes, yet remains surprisingly drivable. The fender wells are finished in gloss, and numerous clean details throughout the build make this Squarebody stand out from every angle. Photos simply do not do this truck justice! Be sure to watch the attached video from AJ to hear it running for yourself. This truck has also appeared in multiple videos on our Davis Drives YouTube channel. Price does not include \$0 processing fee
