Dealer notes

The 2007 GMC Sierra 2500HD 4WD Ext Cab 143.5" SLE1 exudes durability and strength with its robust design and powerful performance, making it an ideal choice for both work and leisure. Cloaked in the elegant Silver Birch Metallic exterior, this pickup commands attention on the road while complementing the sophisticated Dark Titanium/Lt Titanium interior. Under the hood, the formidable 6.6L Duramax Turbo Diesel V8 engine pairs seamlessly with the Allison 1000 6-speed automatic transmission, ensuring that every drive is both powerful and smooth. This model doesn't just rely on looks and power; it's packed with features designed for convenience and performance. The truck's four-wheel-drive system delivers confidence-inspiring traction, making it perfect for off-road adventures, especially with the added support of the Z71 Off-Road package. Long journeys are more comfortable thanks to the auto climate control and multi-zone climate features, while the SLE1 Preferred Package adds a touch of luxury with keyless entry and a remote start system to make your driving experience more hassle-free. Safety is top priority in the Sierra 2500HD, reinforced by the Safety Package that includes fog lights for enhanced visibility in adverse weather conditions. The towing package further adds to its functionality, allowing you to confidently haul heavy loads with ease. Inside, the front 40/20/40 split-bench seats accommodate three passengers, providing ample room without sacrificing comfort, thanks to their manual reclining features. Wrapping the whole package together are the robust suspension package and the Preferred Package, making it versatile enough for both rugged terrain and the smooth city roads.
