Interior colour: Black

Body type: Late Model Performance

Fuel economy: — city / — highway MPG

Dealer: Zoom Classic Cars, North Haledo, NJ 07508

Dealer phone: 844-496-6622

Dealer notes

Zoom Classic Cars presents this 2019 Ford F-150 Lariat Harley-Davidson Special Edition Pickup. Harley-Davidson and high-performance trucks have a long and celebrated history, and this spectacular 2019 Ford F-150 Lariat Harley-Davidson Special Edition by the Tuscany Motor Company represents the return of that legendary combination after Ford's original Harley-Davidson F-150 production ended. Finished in Agate Black, this striking SuperCrew pickup combines the capability and refinement of Ford's F-150 Lariat with an extensive suite of Harley-Davidson-specific styling, suspension and performance upgrades developed and installed by Tuscany. This is a second-owner truck showing 61,600 original miles and presents as an unusually well-preserved example of one of the most distinctive modern special-edition pickups available. Ford and Harley-Davidson enjoyed a particularly successful partnership beginning in 2000, when the first Harley-Davidson Edition F-150 was introduced. The special editions continued through the 2000s and became some of the most recognizable factory-themed trucks of their era. After Ford discontinued the Harley-Davidson F-150 following the 2012 model year, the name returned for 2019 through a new collaboration involving Harley-Davidson and Tuscany Motor Co. Tuscany had established itself as a specialist in high-end custom trucks and worked with Harley-Davidson to create a modern interpretation inspired by the iconic Fat Boy motorcycle. The 2019 truck was based on the Ford F-150 Lariat and received extensive modifications rather than simply a cosmetic decal package. Media coverage by Motor Trend noted that the truck incorporated more than 70 custom components and numerous Harley-Davidson design elements. The result was an imposing, limited-production Harley-Davidson pickup with a very different personality from a standard F-150. One of the most significant features of this truck is the BDS suspension system specifically designed for the Harley-Davidson edition, complemented by Harley-Davidson exclusively tuned Fox performance shocks. The truck also features a recalibrated speedometer and other vehicle-system calibrations to accommodate the modified suspension and wheel/tire package. The result is a truck that looks dramatically different from a stock F-150 while retaining the capability and road manners expected from a professionally engineered performance pickup. The Agate Black exterior provides an ideal backdrop for the extensive Harley-Davidson treatment with Highlights including Four 22-inch Harley-Davidson exclusive Fat Boy-style wheels, All-terrain tires, Power-deploying, lighted running boards, Rock-guard running-board trim, Painted rock-guard end caps, Painted custom fender flares, Painted front fender vents with Harley-Davidson Bar & Shield logos, Harley-Davidson lettering on the front doors, Custom painted front bumper cover, Front skid plate, Full replacement painted grille assembly with contrasting accent color, Honeycomb inserts in the bumper, grille and hood, Integrated LED light bar in the front bumper for off-road use only, Front tow hooks, Full replacement functional Ram Air-style hood, Raptor-inspired hood insert and More!

Underneath all of the custom Harley-Davidson hardware is the highly desirable Ford F-150 Lariat, giving this truck the comfort and technology expected of a premium modern pickup. The 2019 F-150 generation was known for its extensive combination of aluminum construction, advanced powertrains, sophisticated suspension and a long list of available luxury and technology features. The Harley-Davidson conversion takes that already capable platform and gives it a much more distinctive personality. It's important to distinguish this truck from an ordinary F-150 that has simply been fitted with aftermarket Harley-Davidson accessories. This example is a second-owner truck with 61,600 original miles. Current owner purchased the truck in 2025 and has driven it less than 2500 miles since. It has been carefully enjoyed, always garaged and maintained and remains an impressive example of the 2019 Harley-Davidson/Tuscany F-150. Whether you're a Harley-Davidson enthusiast, a Ford truck collector, or simply looking for an exceptionally distinctive modern pickup, this truck offers an unusual combination of Harley-Davidson heritage, Tuscany craftsmanship, Ford F-150 capability and serious visual impact. Truck is in overall excellent condition with only a few minor imperfections noted: one on the rear driver's side bumper as shown and above the passenger side headlight as shown. Interior and carpeted bed are flawless and undercarriage clean and featuring the great sounding exhaust. A very special truck for the Harley-Davidson or Ford enthusiast who wants something substantially more exclusive than a conventional F-150. Truck is stored in MA and comes with a clean title in the owner's name, owner's manual and a Tuscany Motor Company Tote containing loads of documentation on the build.
