Dealer notes

2004 Volkswagen R32 An increasingly sought-after example of Volkswagen's iconic Mk4 R32, finished in Black over Black leather with 113,817 miles. Built for just one model year in the U.S., the 2004 R32 has become a modern Volkswagen classic thanks to its naturally aspirated VR6, 6-speed manual transmission and 4MOTION all-wheel drive. This example remains largely stock and retains the character that makes the Mk4 R32 so desirable, with only a tasteful suspension upgrade and recent mechanical maintenance. With unmodified examples becoming increasingly difficult to find, this Black/Black R32 offers an excellent opportunity for an enthusiast looking for a well-kept, largely original car that can be driven and enjoyed.
