Interior colour: Sport
Body type: Sedan
Fuel economy: — city / — highway MPG
Dealer: CarLux, Waukegan, IL 60085
Dealer phone: 847-999-3988

Dealer notes

The 2021 Nissan Altima 2.5 SR Sedan is the car that makes a midsize sedan feel like a decision you actually want to make, not a settle. The 2.5L DOHC 16-valve engine paired with Nissan's Xtronic CVT delivers 188 horsepower with the kind of responsive, linear power that makes every merge and every pass feel effortless, while paddle shifters give you a say in how that power shows up when you want it. Sport-tuned suspension, intelligent ride control, and intelligent trace control keep the SR planted through corners in a way that separates it from the ordinary Altima trims, and the front dark chrome V-motion grille, LED projector headlights with signature DRLs, and 19-inch alloy wheels make sure everyone else notices the difference too. Slide into the unique sport seat with contrast stitching and the SR trim proves it earns its badge. An 8-way power driver seat, leather-wrapped steering wheel with paddle shifters, leather shift knob, remote engine start, and dual-zone comfort turn every commute into something you actually look forward to. The 8-inch color touchscreen with NissanConnect, Apple CarPlay, Android Auto, SiriusXM, and hands-free text messaging assistant keep you connected without ever taking your hands off the wheel, while illuminated USB charge ports front and rear mean nobody's phone runs out of battery on the way home. A rear sonar system and RearView monitor add the kind of everyday confidence that makes tight parking spaces stop being a small daily stress. Nissan Safety Shield 360 covers this Altima with automatic emergency braking with pedestrian detection, blind spot warning, rear cross traffic alert, lane departure warning, high beam assist, and intelligent forward collision warning, all working quietly in the background so you can focus on the drive. A five-star overall NHTSA safety rating across every category confirms what the equipment list promises. A well-equipped SR trim Altima with this level of standard technology and safety at this price point is the kind of value that buyers who cross-shop this segment recognize immediately. Come see it at Carlux in Waukegan and feel the difference behind the wheel across Chicagoland.
