Dealer notes

2020 New Holland C345 Track Loader Skid Steer with Super Boom. This unit checks out very well with only 928 hours and was previously locally owned by the well-known Trey Taylor of Crew Tractor as a personal machine on his farm. It is equipped with an HVAC system, stereo system, and a color rearview camera, along with very user-friendly functions and a display screen. The windows have been tinted, as shown in the photos. It features a brand-new cutting-edge and an extremely nice, large bucket. The tracks show some typical cracking but have great tread. The machine has just been thoroughly greased, its fluids checked, and it is ready to be put to use—whether it's pushing snow, moving dirt, or handling construction work. It is an absolute beast of a machine. Price does not include \$0 processing fee
