Dealer notes

1972 Volkswagen Bus - Fresh Blue Heron Paint Here is a fantastic opportunity to own an iconic 1972 Volkswagen Bus with a freshly refinished exterior and plenty of potential for the next owner to make it their own. The exterior has recently received a new paint job finished in beautiful Blue Heron with contrasting white, giving this classic VW an incredibly clean, fresh appearance. The body and exterior present in excellent condition, and the soft vintage-inspired color combination complements the unmistakable lines of the Volkswagen Bus perfectly. Inside, this VW is a completely different story--and an opportunity for someone looking for a project. The interior is currently gutted and will require restoration and TLC. With the interior already stripped, the next owner has a blank canvas to create exactly what they want, whether that means returning it to a traditional Volkswagen-style interior or transforming it into a custom cruiser, camper, beach bus, or weekend adventure vehicle. The desirable combination of an excellent freshly painted exterior and unfinished interior makes this Bus especially appealing for someone who wants to personalize a classic without having to begin with major exterior cosmetic work. Highlights include: 1972 Volkswagen Bus, fresh Blue Heron and white exterior paint, excellent exterior presentation, classic VW styling and jalousie-style side windows, and a completely gutted interior ready for restoration. This is a great foundation for someone looking for an unmistakable vintage VW with much of the exterior cosmetic work already completed. Bring your vision and finish the interior your way!
