Interior colour: Black
Body type: SUV
Fuel economy: — city / — highway MPG
Dealer: CarLux, Waukegan, IL 60085
Dealer phone: 847-999-3988

Dealer notes

The 2022 Jeep Cherokee X 4X4 arrives with no accidents reported on CARFAX and just one owner since new, which is exactly the kind of clean history you want behind a Jeep that was built to go where other crossovers turn back. The 3.2L V6 with engine stop/start pairs with a 9-speed automatic and Jeep Active Drive I, which means you get genuine 4x4 capability and the confidence to stop checking the weather forecast before you commit to a plan. The Selec-Terrain system lets you dial in traction for snow, sand, or mud, and the off-road suspension with all-terrain tires, off-road sill cladding, and wheel flares tell you the Cherokee X trim was designed for people who actually use the badge, not just admire it. Finished in Hydro Blue Pearl-Coat with gloss-black accents and 17-inch black aluminum wheels, this one looks the part too. Climb inside and the Cherokee X immediately feels more outfitted than the price point would suggest. The dual-pane panoramic sunroof from the Sun and Sound Group floods the black cabin with light and turns an ordinary drive into something you actually look forward to, while heated front seats, a heated steering wheel, an 8-way power driver seat with power lumbar, a leather-wrapped shift knob, and silver anodized accents add the kind of warmth and finish that make winter mornings genuinely comfortable. A windshield wiper de-icer and all-season floor mats prove this one was specced by someone who understood Midwest reality. Practical where it counts, refined where you touch it. The Uconnect 4 system with an 8.4-inch touchscreen brings Apple CarPlay, Android Auto, and the upgraded Premium Alpine speaker system into every trip, so connection and great sound are never an afterthought. On the safety side, full-speed forward-collision warning plus, blind-spot and cross-path detection, lane-departure warning plus, advanced brake-assist, and rain-sensitive wipers work quietly in the background to protect what matters most. A one-owner Cherokee X with this off-road equipment, this level of comfort, and a documented reputation for dependability is a harder find than most shoppers realize. Come see it at Carlux in Waukegan and discover what the X trim feels like on a test drive across Chicagoland.
