Dealer notes

This 2022 Ram 1500 TRX with the TRX Level 2 Equipment Group is finished in Billet Silver Metallic and has only 11,179 miles. As of October 12, 2026, it is one of only about 15 TRX trucks listed nationwide with under 15,000 miles, and we have priced it among the lowest in the market. It is powered by a 6.2L Supercharged HEMI V8 that makes 702 hp @ 6,100 rpm and 650 lb-ft of torque @ 4,800 rpm. That power goes through an automatic transmission and Four Wheel Drive, for a manufacturer-estimated 0–60 mph time of about 4.5 seconds. Bilstein Black Hawk e2 adaptive shocks let it handle off-road terrain as easily as the highway. The truck also has an aftermarket Borla performance exhaust with a retail parts value of about \$1,800, and it is included in our price at no additional charge. Inside, the TRX 4x4 Crew Cab 5'7" Box has a black interior with red TRX accents, a dual-pane panoramic sunroof, and a Harman/Kardon 19-speaker premium sound system, along with the Bed Utility Group. The total price is \$82,995, which includes the Borla exhaust. It does not include taxes, registration, or other government fees. Any additional products, such as service contracts or GAP, are optional and are not required to purchase this vehicle. Vehicle availability is subject to prior sale, and the market comparison is based on nationwide listings reviewed on October 12, 2026.
