Dealer notes

Discover the perfect blend of modern style and eco-conscious efficiency with this 2018 Ford Fusion Hybrid S FWD. Finished in a sophisticated Magnetic exterior paint, this midsize sedan offers a sleek, aerodynamic profile that stands out on any road while delivering exceptional fuel economy. Designed for daily commuters and road-trippers alike, this vehicle represents a smart choice for buyers who want to minimize their fuel expenses and carbon footprint without compromising on passenger space, style, or drivability. At the heart of this 2018 Ford Fusion Hybrid is an advanced hybrid powertrain featuring a 2.0L 4-cylinder engine paired with an electric motor and an electronically controlled continuously variable transmission (eCVT). This front-wheel-drive (FWD) configuration seamlessly manages the transition between gasoline and electric power to maximize efficiency, especially during stop-and-go city driving. Drivers will appreciate the smooth acceleration, quiet cabin dynamics, and regenerative braking system that intuitively captures kinetic energy to help keep the hybrid battery charged. Step inside the cabin to find a welcoming and spacious interior finished in a clean Medium Light Stone color palette. The S FWD trim level prioritizes passenger comfort and convenience with standard features like dual-zone automatic temperature control, the Ford SYNC system for hands-free connectivity, and a rotary gear shift dial that optimizes center console space. Complete with a standard rearview camera to make parking effortless, this 2018 Ford Fusion Hybrid S FWD delivers the perfect balance of technology, comfort, and outstanding hybrid value for your daily drive.
