Dealer notes

Discover the perfect balance of performance and efficiency with this 2024 Tesla Model Y Long Range, a vehicle engineered to meet the demands of today's discerning driver. - 14 Speakers Premium Audio System - Dual Motor AWD - Navigation System with Exterior Parking Camera - Heated Front and Rear Seats - Auto-Dimming Rear-View Mirror - Vegan Leather Seat Trim - Power Liftgate - Lane Departure Warning System - Electronic Stability Control - Automatic Temperature Control with Dual Front Zones - Auto High-Beam Headlights with Fog Lights - 19" Gemini Dark Alloy Wheels - Power Driver and Passenger Seats with Memory - Four-Wheel Independent Suspension - Emergency Communication System This Model Y Long Range operates on an electric motor paired with a 1-Speed Automatic transmission, delivering efficiency ratings of 122 MPGe in city driving and 112 MPGe on the highway. The dual-motor all-wheel-drive system provides responsive handling and confident traction in various driving conditions. With 22,070 miles on the odometer, this vehicle has been well-maintained and represents an excellent opportunity for a buyer seeking a newer model year. The interior welcomes you with thoughtful luxury appointments, including vegan leather seat trim and heated front and rear seats designed for comfort across all seasons. Memory settings for both the driver's seat and steering wheel allow you to personalize your driving position, while the heated steering wheel adds another layer of refinement during colder months. Dual-zone automatic temperature control ensures passengers enjoy their preferred climate settings throughout the cabin. Safety and convenience converge throughout this vehicle's design. The lane departure warning system, electronic stability control, and four-wheel disc brakes work together to provide reliable protection. A comprehensive airbag system including dual front, dual front side, knee, and overhead airbags offers occupant security. The exterior parking camera and navigation system simplify everyday driving and navigation challenges. Entertainment and connectivity features enhance every journey. The premium audio system with 14 speakers delivers quality sound, while the navigation system with real-time data keeps you informed and on course. Steering wheel-mounted audio and climate controls allow you to manage functions without taking your hands from the wheel. The sleek black exterior is complemented by 19-inch Gemini Dark alloy wheels that balance aesthetic appeal with functional performance. Rain-sensing wipers, auto-dimming door mirrors, and fully automatic headlights demonstrate attention to practical details. Power windows, power door mirrors, and a power liftgate streamline daily convenience. This 2024 Tesla Model Y Long Range represents a compelling choice for drivers who prioritize both sustainability and capability. We invite you to visit our showroom to experience this vehicle firsthand and explore how it can enhance your lifestyle.
